“...FROM POINT OF CONTACT, TO SUPPLY OF SAMPLES, TO THE FINAL PROJECT COMPLETION, THE MERENDA TEAM WAS AT OUR SHOULDER AND SUPPORTED US AND OUR IN-HOUSE JOINERY TEAM TO DELIVER ON OUR CLIENT’S NEEDS. MERENDA HELPED US MAKE THE RIGHT DECISIONS FOR THE ST. GEORGES PROJECT...”

Denis O Sullivan

Project Manager, Ardmore construction

February- November 2016 saw Ardmore and Merenda work together to achieve high quality finish in Berkeley Homes, St Georges Fulham Reach Apartment Project. These high-end apartments on the banks of the River Thames, London were specified with top quality joinery finish throughout.

About Merenda Surface

What is it

Merenda Surface offers a bespoke veneer solution for any furniture component that may exist within a space; whether it's for wall panelling, doors, gables, door frames, doorsets, or kitchen cabinets- if it's got a surface Merenda can veneer it.

Why choose us

Many companies do not have the facilities or the expertise in processing veneer- Merenda do! We have spent the last 30+ years in resolving design led challenges around veneer. We are known within the industry as experts in natural veneer and also specialise in using dyed veneers like Tabu and Alpi.

Value

We can take a difficult design specification and resolve it by offering a bespoke veneer solution. Our clients appreciate the flexibility of Merenda products that allow many different veneer components to seamlessly join together for an exceptionally high-end finish to their projects. Through doing this, we take the specialist pain away, problem solve complex veneer joinery issues, helping them save significant time and money.
